Union settles; MSC faculty unsettled

By Richard E. Buckley Jr. and
R. A. Campos

A tentative agreement was reached between the New Jersey Federation of Teachers and the state on Thursday, March 1.

The Montclair State Federation of College Teachers (MSFCT) called an emergency meeting the following day to discuss the ratification of the new contract. For an outline of the agreement see chart.

Voting to pass or reject the new contract will begin next Wednesday for MSC faculty and most of the other eight state colleges, said Dr. Richard Franke, Vice President of Internal Affairs for the MSFCT.

Union members throughout the state are to ratify or reject the new state offer. Results of the vote will not be available until next Friday; union representatives for Jersey State, Glassboro and Ramapo have said their local unions support the contract and will vote in favor of it.

MSC Faculty are not pleased with the offer. "It's an insult," said Dr. Lawrence Schwartz addressing the union in the S.C. Ballrooms. "When the state is prosperous we get nothing, when the state is broke we get nothing. It's better to not have a contract than accept this."

If the state does ratify the agreement, MSC will go along with the new contract, said President of the MSFCT, Dr. Catherine Becker.

"That's the way democracy works," said Becker.

The MSFCT, however, has control over 1/6 of the votes due to its size, Becker also added.

Glassboro and the others confirmed (the offer) out of fear, said Becker. "Push came to shove and the union collapsed. Other campuses did not prepare like MSC," said Becker.

Becker also said that a strike at MSC would have been 75-85% effective in shutting down the campus.

Becker said that she plans to vote no on the contract. "Can you see yourselves in three

years? This 4 1/2% increase does not even measure up to the rate of inflation," she said.

Another modification to the contract is the addition of two more steps to the existing nine step plan. A tenth and eleventh step were added to the salary scale for professors.

After a professor is hired by a college, the professor is promoted up a step after a year of service at the school. His salary is increased with every promotion.

The annual promotions are implemented for the first 9 steps. Once at the 9th step a

professor must remain there for 18 months before moving to the tenth. The same 18 month period is used for moving from step ten to eleven.

In the event the contract is not ratified, the union and state will resume negotiations.

☐ 4% salary increase effective Feb 10, 1990, for 10-month employees and Jan 30, 1990, for 12-month employees.

☐ 4.5% salary increase effective Nov 17, 1990, for 10-month employees and Sep 29, 1990, for 12-month employees.

☐ 5.5% salary increase effective June 29, 1990 for all employees.

☐ 10th step has been added to the salary scale effective June 29, 1991. Employees who have been at the 9th step for 39 pay periods (18 months) move to 10th step.

☐ 11th step added to the salary scale effective Jan 1, 1992. Employees who have been at 10th step for 39 pay periods (18 months) move to the 11th step.

☐ Rates for professors teaching extra classes (per credit hour):

Fiscal Year	1989-90	1990-91	1991-92
Professor and Associate Professor	\$430	\$600	\$650
Assistant Professor, Librarians, and Professional Staff	\$430	\$550	\$600
Instructor	\$430	\$500	\$550

☐ Summerschool rates (per credit hour):

	1990	1991	1992
Professor and Associate Professor	\$500	\$525	\$550
Assistant Professor, Librarians, and Professional Staff	\$475	\$500	\$525
Instructor	\$445	\$465	\$500

Journalism fund announced at Ray Paul's memorial service

By Audrey Regan
Correspondent

A new fund for journalism students in the name of Professor Raymond Paul was revealed at a memorial service held yesterday in his honor.

Paul, who died Christmas Eve of diabetes complications, taught literature and journalism at MSC for 25 years. Friends, family and colleagues gathered in the Student Center to remember the man who in the words of Joseph Moore, "never complained nor made others apologize," for his physical handicap.

Those who knew him spoke not only of his major role in representing faculty grievances, but of the character and vitality

of the man loved by so many. Moore, a professor in the History Department summed up Paul's nature in Paul's own words, "Politics is about grievances...Poetry is about grief."

Rita Jacobs of the English Department admitted when she first came to MSC in 1971 she was "scared to death of him...of his anger, passion and ability to teach." Although she came to realize that the man who was an avid fan of all New Jersey sports teams "gave his wisdom and heart...and was delighted that I was a Nets fan even though they weren't winning."

Others who spoke were Chairman of the English Department, Alyce Miller, William Paul (brother of Professor Paul), Dean of Social Sciences

Philip Cohen, Asst. Vice President for Academic Affairs, Greg Waters, Vice President for Student Affairs, Jean Armstrong, and English Professors James Nash and Grover Furr.

All had fond memories of the man who got his bachelor's from Princeton and his master's from Columbia. Even when recalling his eccentricities, Jean Armstrong remembered him "for the passion in his eyes" and Alyce Miller reminisced that he "always referred to us as 'girls' and to his students as 'little girls'."

Miller is accepting contributions for the Ray Paul Journalism Fund, and summed up by saying, "It is wonderful that so many loved him."

The Night, one of four bands that competed in Class 1 Concerts' Battle of the Bands, performed last night at 8 p.m. in the Student Center Ballrooms.

African American leaders must address a number of issues

By Carl Chase
News Editor

African-American leaders must address racism, economic status, high numbers of single parent homes, and the issue of African-Americans' personal safety, Irvin Reid, MSC president, said in his closing speech for African-American Heritage Month.

Meanwhile, he said, present leadership faces a crisis of unfocused power.

According to Reid, causes of this crisis include:

□ **Rapidly changing times** have made finding an effective leadership style that generates sufficient passion to influence the national leaders difficult.

□ **Personal success** has diverted many African Americans' attention from the basic needs of the

population. Individual achievement dominates the agendas of many African-American organizations, at the expense of the traditional issues of the once-more-powerful black church.

□ The neglect of the **Reagan administration** has "effectively nullified the agenda, issues, and the federal programs" that once provided the power base of many community leaders.

"That has certainly been one of the most significant things in the crisis," he said.

"Racism is a problem for African-Americans on campus, and it is very difficult to address, because the numbers on campus are so few that there is little opportunity to have an impact," he said.

In higher education, he said, he is not encouraged by the numbers of black faculty that

are stagnant or declining.

"(Colleges) have tried very hard but it's difficult to attract African-Americans when the supply is diminishing. In all of the United States two years ago, only four Ph.D.s in mathematics were awarded to blacks. We have 3,000 colleges and universities...it's an extraordinarily 'uphill' battle," he said.

"Whereas MSC may have a black librarian, a black president, and a black dean, that, I can assure you, is not the kind of representation (that exists) throughout the country.

"So racism is sometimes there facing the students, but they (don't have) very much leadership to help them to address it in a very positive way, or for that matter, to give them moral support.

"We have to do a better job

MAKE \$25,000 SITTING AT HOME!

DON'T LET THIS OPPORTUNITY PASS YOU BY.

Can you picture yourself making at least \$5000 dollars a week, every week? If you can, I urge you to read this article, it could be worth thousands of dollars to you!

My name is Mark Preston. I am 32 years old and a self made millionaire. A few years ago I discovered a money making method that changed my life forever. This is not just another "get rich quick scheme." This is a unique new system that is in demand everywhere, yet few people even know it exists.

Anyone can do it. Trust me. If you want to make money, this system is for you. When I first started this money making program, I was flat broke and at least \$10,000 dollars in debt. My family thought I was crazy and said I should be out looking for a "real job." That did not stop me. I was determined to make it with this fantastic money making plan I had discovered.

I started at home on the kitchen table with no capital. Within a year I was taking in over **\$20,000 A WEEK... MORE THAN A MILLION DOLLARS A YEAR.** You heard me right, **OVER A MILLION DOLLARS A YEAR!** I went from driving an old beat up Pick-Up to a Brand New Lincoln Continental. I paid for it in cash. I bought a new home in a prestigious neighborhood, a waterfront summer cottage, and a Townhouse in Florida. I do not mean to brag, but these are my results using this amazing money making system. Do not envy me, join me!

THE SECRET REVEALED

I knew then I had discovered a revolutionary new money making program that would continue to make me thousands of dollars a day. It seemed so easy. I asked myself why everybody wasn't rich? Then it dawned on me that not everyone knew about this secret method of making money. You do not need special training or even a college education for this money making system to work for you.

Once you have learned how to use it, your money worries will be over for life. You will have financial security and peace of mind. This money making system is perfectly legal and amazingly simple. It has nothing to do with real estate, the stock market, or gambling of any kind.

It does not matter what your financial situation is now. You can start this money making program at home in your spare time with less than \$15.00. In a few short weeks you will see the cash start to roll in. Once you put this money making

system to work for you, the sky's the limit! You will have cash to spend on whatever you want, whenever you want it. Think of it! Enough cash to finally put an end to economic nightmares forever!

HERE'S PROOF

I am sure you are somewhat skeptical at this point. That just shows you have good business sense. Read what a few people had to say about my money making program.

Dear Mark,

I ordered your program 3 months ago and started using it the day I got it. To say the least I was shocked at the results. Last month I deposited over \$11,000 in my bank account. Thank you so much.

N.C., Stuart, Florida

Dear Mark,

When I first saw your article I had my doubts. I said to myself I might as well try it, at least I'll be \$25.00 ahead with your guarantee. Well, your material changed my life from being flat broke in July to practically a millionaire in December! If I can do it, anyone can.

J.S., San Diego, CA

Dear Mark,

Before I ordered your money making method, I was slaving away cutting lawns for \$4.00 an hour. At 19 years old my future looked bleak. Last week I made over \$14,000 in less than 20 hours of work. I am the envy of all my friends. Thanks for a new life!

J.B., Loudonville, NY

IT'S UP TO YOU

Your life can change now by taking simple action. Order my money making program today and see for yourself. All you have to do is follow the step-by-step procedures I provide you with. It will only take you about an hours reading time to master the program. If you can see yourself being rich, you will be rich! I make it easy for you. Included in my

manual is my unlisted telephone number for you to call anytime you need help. I guarantee that within a week of using my money making method you will see the cash start to roll in. With my money making system, your success is guaranteed!

\$25.00 CASH BONUS

I am so sure that my money making program will work for you, I am going to offer you a guarantee that no one else can. You either raise \$15,000 using my money making system, or I will send you a certified check for \$25.00. That's right, \$25.00 just for giving my money making program an honest try. The only reason I can offer you a guarantee like this is because I know you are going to make alot of money copying my money making system. So much money that I am putting up \$25.00 to prove it to you. Its that simple. You have nothing to lose and everything to gain. The risk is mine.

ORDER TODAY

It is not too late for you to start making money with my program. Do not be stopped by your fears. The single most limiting emotion in you is the fear of failure. I urge you to fill out the coupon below and send it to me today. I will do everything in my power to see that my money making program works for you. **There is no risk on your part. Order Now!** The supply of my material is limited. Orders will be filled on a first-come, first-serve basis. **Don't miss this opportunity. I may not offer it again.**

To order, simply fill out the coupon below, or write your name and address on a piece of paper and enclose \$12.00 plus \$2 for shipping and send it to:

Mark Preston

Campus Calendar

1-9-9-0

□ **The I.D. office** in room 423 of the Student Center wants you to pick up your student I.D. if you have not already done so.

□ **The Organization of Students for African Unity** will meet every Tuesday evening at 7:30 p.m. in the Student Center Cafe C. All are welcome to attend the general membership meetings.

□ During the week of March 12, the **bookstore will begin to return unsold textbooks** to the publisher. Students are advised to purchase the textbooks that they still need.

□ The Center for Continuing Education is offering **seminars in health care administration and delivery**. The seminars are scheduled for Wednesdays from 9:30-4:00, beginning March 14. Anyone interested should call 893-4353.

□ **The Medieval Society** will be meeting on Tuesday March 13 at 6:30 p.m. in room 112 of the Student Center Annex. All are encouraged to attend.

□ **L.A.S.O.** is sponsoring a concert: **The New York Band** will appear in the Student Center Ballrooms on March 10 at 8:00 p.m. Call 893-4440 for ticket information.

□ **Phi Alpha Delta, Law Fraternity**, is sponsoring a **Pre-law/LSAT seminar** on Wednesday March 14 from 5-6 p.m. in room 416 of the Student Center.

□ **March 5-9 is International Week**, sponsored by the International Student Organization. All students and faculty are invited to experience and enjoy this celebration with ISO.

□ On March 11 to March 15, the SGA and Alumni Association will sponsor its **First Annual Parent Phon-A-Thon**. All students are urged to come out and participate. The money pledged towards the foundation is used to benefit students and offset tuition increases. To sign up call 893-4202 or 893-2558.

□ **Students Towards A New Direction S.T.A.N.D.**, a social awareness organization, meets every Thursday at 3:30 p.m. in room 112 of the Student Center.

□ **Madeline Weinstein** will be visiting MSC during the week of March 11. Weinstein is visiting on behalf of **The New Jersey Visiting Fellows** program. Weinstein will be visiting various classes and emphasizing the importance of a liberal arts education in the business world.

□ **The Paths and Pitfalls to Corporate Success** is a panel discussion planned for Wednesday, March 14 at 9:30 a.m. in Russ Hall Kops Lounge. The panel will consist of women who have achieved success in the corporate world.

□ **The Sixth Annual Sheldon Pollack Lecture** will be on Monday, March 12 at 8 p.m. in Memorial Auditorium. The lecturer will be Dr. Richard Sennett, whose speech "The City of Difference" will explore the cultures within an urban setting. For more info. call David Dodd at 893-7228.

□ **Mary Emily Call of Linguistics and Nancy Tumposky of Curriculum and Teaching** will present a free workshop: **"Foreign Languages and Cooperative Learning: Trying Out a New Methodology,"** on Thursday, March 15, from 3:30 to 5:30 p.m. The workshop will be held in Student Center, room 417.

□ **Campus Recreation** announces that **the swimming pool is now available** to students, faculty and staff with valid I.D. cards on Sundays from 4 to 6 p.m. For more info. call Campus Recreation at 893-7494.

□ **The International Studies Program** is seeking volunteers to provide two nights of lodging for a group of 11 students and three faculty/staff members from England, who will visit the U.S from April 18-20. If interested call the International Studies office at 893-7374.

SGA News

Open House planned for Weekend College

By Tracy Williams
Staff Writer

After spring break, the ban of styrofoam on campus will take effect. This change was brought about by Helen Archontou, secretary of the SGA, and the Conservation Club. There will be a 5-cent price increase on all beverages as a result.

An open house is planned for March 31 to inform Weekend College students about the services available at MSC, Astrid Chicha, president of the Weekend College Association (WCA), said to the SGA legislature March 7.

"The majority of weekend students don't know where or what SGA is; they don't even know it exists," said Chicha.

There are presently 245 members of the WCA who represent students, mostly hispanic, who attend MSC only on Fridays, Saturdays, and Sundays.

A bill proposing a waiting period for charters of new fraternities, at least 14 months, was rescinded at the meeting. This bill also stated that only three national fraternities would be allowed to colonize at one

time. Legislator Timothy Nee stated that it takes 1 to 5 years for colonized fraternities to become chartered.

The Inter-Fraternity Council (IFC) unanimously favored this bill, along with the support of the Greek Council.

"We don't have the right to enforce this," said Timothy Nee, SGA treasurer.

Most legislators had similar opinions. Tony Susco, SGA legislator, said that any of the 10,000 fee-paying students at MSC should have the right to try to start any organization. If the organization is strong enough to get off the ground, they should be given the chance, he said.

"We have survival of the fittest on one hand and moderation on the other."

The first bill passed was

submitted by Michele Constanzo. It was to make the Biology club class II charter.

"Members of the club are more enthusiastic this year than they have been in the past," said Constanzo.

The second bill was Theta Xi's class IV charter. Theta Xi's national cause is multiple sclerosis. David Blackner and Jonathan Jaffe, two SGA legislators represented Theta Xi.

"As a fraternity, we will all work together as a group at MSC," said Jaffe.

Lastly, a bill was passed stating that if an SGA committee has work overload, a co-chairperson can be elected by the individual committee, but will only be appointed after a proposal to the SGA legislature has been approved.

Medieval Society

The Medieval Society will hold meetings on every Tuesday at 6:30 p.m. in the Student Center Room 112. The society focuses on medieval topics and will include trips to appropriate places, presentations, and festivals.

German Unification Lecture

Dr. Manfred Stassen, a senior research fellow at the American Institute for Contemporary German Studies, will discuss the implications of German unification at a May 12 lecture, "Separate in Ballot, United in Thought: The Two Germanies Before Unification." The program will begin at 1 p.m. in Kops Lounge of Russ Hall.

Having just returned from a trip to East Germany, Stassen's timely remarks also will address the current state of East-West German relations.

Presentation outlines Israel's disproportionate world influence

By Monica Glina
Staff Writer

Many people don't appreciate just how small Israel is, but this exceedingly tiny piece of land gets media mention every night, Dr. Rhoda K. Unger, director of the honors program at MSC said in a Tuesday, March 6 lecture.

"It gets an inordinate amount of attention for its size," she said. She equated the size of Israel with that of the state of New Jersey.

The recipient of the Fulbright Scholarship, Unger traveled to

Israel and taught at the University of Haifa for the duration of the 1988-1989 scholastic year. While in Israel she conducted extensive research on many different aspects of life in this Middle-Eastern country.

Unger explained that despite the size of the country, there exists virtually every major religious representation from the Muslim Mosque to the Kotel, or Western Wall, the Jews most sacred sight.

She said major population groups there include Israelis, Palestinians, Muslims, Armenians, and Ultra-Orthodox Jews.

All Around The Campus

What do you think it would take to once again make the Rat a success here on campus?

by Peter S. Rebovich Jr.

"It would be more interesting to have live bands, along with alcohol for those over 21. Having alcohol available daily would create a more relaxed atmosphere in contrast to the 'crazy Thursdays' of the past."

Craig Sackett
sophomore/English

"Make it a bar. It should be open on weekdays after 5 p.m. and also on weekends. This would alleviate drinking and driving for students on campus."

Jennifer Hoffmann
junior/management

"It needs to be remodeled; it's a large room that they could use much more efficiently. They should also give the Rat a modern look — this is the 90s."

John Wilkerson
junior/business admin.

"Extend meal card hours so it can be a meeting place not only in the afternoon, but in the evenings as well. The return of alcohol on Thursday nights would also be a plus."

Lisa Mullane
junior/English

"Since the Rat is for the students, the administration should give us what we want. If alcohol will make the difference, then guidelines should be set for the proper distribution of it."

Chereese Pegram
senior/accounting

Thank You

Members and officers of the faculty and professional staff are grateful to the many students and campus workers who expressed support for us in our recent contract struggle.

cont. from p. 3

of attracting and retaining more African-American students," he said.

African-American faculty members are needed to serve as role models and mentors, and to bring plurality to higher education, he said.

"No matter what community you are drawn from, you have to provide something back to the community. While large numbers of us have gone through, and benefited from, a great deal of development in the 1960s, 70s, and 80s, perhaps the amount of contributions that have been made back is really not up to the same level that has been received by these developments," he said.

Overall, the issues are becoming more global even as constituencies of African-American politicians become more urban and regional, he said.

Reid declares March women's history month

By Belinda Diaz
Staff Writer

March was declared as Women's History Month at MSC by President Irvin Reid at the Board of Trustees' March 1 meeting.

The Women's Center, newly opened after being closed for a semester, is planning special events throughout this month, according to Reid. The center offers many services to the campus community, includ-

ing a reference library concerning women's issues, a support group which meets Wednesdays at noon, and a counseling service in conjunction with psychological services.

A new Bachelor of Sciences degree in molecular biology was approved by the board. Also approved was a revised resolution for a facsimile signature of Thomas Auch, vice president for administration and finance, to be filed by National Westminster Bank, a depository of MSC funds.

Libraries and IRS

Most local libraries provide audio tapes to take you step-by-step through completion of your tax return, a reference set of the IRS free publication series, and reproducible tax forms.

THE INTERNAL REVENUE SERVICE

Campus Police Report

Student forges for finances

By Seth Liebowitz
Staff Writer

On March 1, at 4:00 p.m., a student forged an authorizing signature on a financial aid form in order to receive a check. This individual is being charged with forgery and theft.

On March 1, at 8:40 p.m., a 1985 Mazda RX-7 parked in lot 22 was stolen. While the car was being stolen by a male, the owner was walking toward his car.

On March 2, between 12:30 and 1:15 p.m., someone entered a locked room in the Panzer Gym men's locker room and stole two wallets. Both wallets were recovered in the gym's parking lot. The cash was missing from the wallets along with a credit card which the thief attempted to use at a store in Willowbrook Mall. Police are investigating.

On March 3, between 11:15 p.m. and 10:00 a.m., a 1984 Volkswagen Scirocco parked in lot 23 was stolen.

On March 3, between 1:15 a.m. and 8:45 p.m., a 1985 Mazda RX-7 was broken into. Nothing was stolen from the car.

Sometime between March 1 at 10:45 p.m. and March 4 at 11:00 p.m. a 1980 Buick Regal parked in lot 21 was stolen.

On March 4 at 6:15 p.m., seven unidentified college-age males were reported acting disorderly. They were kicking and banging vending machines. When campus police arrived, the individuals fled. The vending machines were not damaged, but they were moved out of place.

On March 6, at 2:00 a.m., a bomb threat was received at Bohn Hall. The building was not evacuated due to the vagueness of the call.

On March 6, between 5:00 and 7:00 p.m., a 1980 Oldsmobile Cutlass parked in lot 21 was stolen.

On March 6, between 4:30 and 9:40 p.m., someone attempted to steal a C.B. from a 1988 Jeep Wrangler parked in lot 30.

On March 6, at 11:30 a.m., an unidentified male stole a wallet and a Walkman from the pocket of a jacket on the third floor of the Student Center.

On March 5, between 7:30 and 11:45 p.m., there was an attempted theft when a 1988 Chevy Wagon parked in lot 21 was broken into.

4 hours to your credit

Earth Day 1990: What's it all about?

By Audrey Regan
Correspondent

Editor's note: This is the first in a three-part series.

Earth Day Week is coming.

What is Earth Day? Actually, every day is an "Earth Day," because we live on the Earth every day. Yet April 16-20 will be the designated Earth Day Week here at MSC, as well as 999 other campuses and locations across the nation to remind all that the Earth, which literally means "dirt," needn't be treated like dirt.

This year's demonstration marks the 20th anniversary of the first Earth Day, held on April 22, 1970. Although the first Earth Day, which spun off such legislation as the Clean Air Act and the Environmental Protection Agency, was a massive event in this country, this year's might outdo it and involve other nations such as India, China and the Soviet Union. Earth Day 1990 might even stretch to Earth decade.

Why this year? Is it because the results of environmental abuse suddenly seem to have hit on a personal level? Earth Day five years ago wasn't a hot issue,

but five years ago there also weren't dirty needles in the oceans, closed beaches, clean-ups after oil spills, or increased rates of skin, lung or any other type of cancer.

Recycling was done a little here and there, and more biodegradable products appeared, but there were also aerosol cans being sprayed and trees chopped down at the same time. This paradox can make measuring any type of conservation effort difficult.

Scientists have proven that aerosol spray heightens the

depletion of the ozone layer, and that styrofoam products are "undisposable" to the environment and indigestible to wildlife that may eat the remains.

If you ask "Do these little things really make a difference?" Linda Hackmann, President of MSC's Conservation Club, thinks they do.

"We are all so caught up with things that are convenient for us. We need to get away from that and change our habits. Don't whine. We can have an impact," she said.

Hackmann's view is precisely the point of the Earth Day Week celebration. If not only to create awareness, organizers hope to show how a small change in our daily lives can help save the Earth.

This year, organizers hope the event won't be just a demonstration of good intentions. Rallies, movies, speakers and sing-alongs are planned, as well as some surprise changes in store for the college.

Next week: Environmental facts, figures, and claims — what do they really mean?

Actions, not thoughts, are best in self-defense

By Jeanine Rybeck
Staff Writer

Suddenly, she was grabbed from behind. She should have been frightened. She could have screamed, but she didn't.

She was in a room with, among others, a trained martial arts specialist, and she knew exactly what to do.

On Wednesday, February 28, the Department of Speech and Theatre presented its second self-defense seminar designed to teach students how to protect themselves in a rape or attack situation.

The workshop was taught by T. J. Glenn, a visiting specialist teaching stage combat at MSC. He is a martial arts expert and also a professional stuntman.

Glenn opened the seminar by describing the human body as "badly put together." He emphasized the strength and power of the mind, and explained that thinking is the key element in defending oneself and overcoming the panic reaction of being attacked.

After a brief talk about self-defense, Glenn and his assistants went on to demonstrate means of escape from several hypothetical attack situations. Participants had been asked to wear comfortable clothes and a

loose-fitting sweatshirt or jacket, and for the next hour and a half, they received hands-on defensive training.

Life Hall's room 125 was overcome with students grouped in pairs, repeating different approaches an attacker might use and their escapes for each one.

"You can't just stand there," Glenn said, advising that once you've decided what you are going to do to defend yourself, you have to follow through with it completely — you have to *act*.

"...once you've decided what you are going to do to defend yourself, you have to follow through with it completely — you have to *act*."

On a personal level, Glenn proved to be fascinating and remarkably well-rounded. A resident of New York City, Glenn studied under many teachers, one of them being one of Errol Flynn's stunt doubles.

The walk of life? Models audition at MSC

By Chris Rogers
Correspondent

Each girl walked across the room to music, attempting to express the poise and grace that fashion models seem to possess.

They were MSC students, with a shot at a spotlight "under the sea."

Tuesday night, MSC's and the New Jersey Institute of Technology's chapters of Lambda Tau Omega held model auditions for an upcoming fashion show entitled Fashion Under the Sea, sponsored by the sorority and deriving its name from the sorority's mascot, a mermaid.

The show will be held on April 6th at the New Jersey Institute of Technology, although all practices and auditions will be held at MSC.

Besides the fashion show, the program is scheduled to have both a comedian and singing performance rounding out the evening's entertainment.

Tuesday's audition began in rooms 411 and 412 of the Student Center with an introduction from the organization's vice president, Mayra Rosa. After a brief overview of how

the actual show would be presented, Rosa informed the group of potential models that they would not be judged solely on their looks.

"The idea is for the audience at the show to see the clothes and their accessories," she said.

Rosa explained that the show was to be considered a learning experience, and that no one should feel embarrassed or distressed if they had had no previous modeling experience.

Most of the candidates seemed friendly and relaxed. There was very little, if any, sense of competition that one might expect at an audition.

This attitude only increased when Rosa told her potential models that she did not want the show to be exclusively a Lambda Tau Omega production, but rather an MSC models' production. She encouraged active participation from all of the models, and expressed a desire for anyone to contribute any ideas or opinions that they felt would benefit the show.

When Rosa finished her introduction, the models lined up for their first tryout. In between

features

Models take a walk on the "sea" side

cont. from p. 9

the auditions, members of the sorority with modelling experience gave tips and mild criticisms on how to move.

The main concern seemed to be that models must take their time as they move across the stage, giving the audience a chance to see the clothes and examine all aspects of the outfit. The idea is not to flaunt the bodies of the models, but rather the clothes that they are wearing.

Although the turnout for the auditions was impressive on the female side of the scale, very few men even peeked in the door. The few gentlemen that did show up seemed apprehensive about even entering the room after seeing the lack of a more male presence.

"We need more men," Rosa said. "Everybody, bring your boyfriends, brothers, fathers — anybody."

The sisters seemed disappointed with the lack of a more balanced turnout, and extended the deadline for auditions until more male models join the group. They asked that any men who are interested in a modeling experience should contact a sister of Lambda Tau Omega as soon as possible to set up an audition.

Those who did show up for the auditions expressed excitement about the project and their confidence in themselves and their ability to pull off their first modeling job. They also seemed very pleased with the relaxed manner in which the sorority was handling both the auditions and preparations for the show.

If anyone has any questions about the show or wishes to contribute to the program in any way, they are encouraged to contact the members of Lambda Tau Omega as soon as possible.

Defending yourself

cont. from p. 9

Glenn is also an expert in weapon combat besides martial arts and judo. In addition to teaching here at MSC, Glenn also teaches privately in NYC.

Glenn explained that his initial stage interest was acting. He has been an actor for fifteen years, and currently does a lot of work on CBS' *Guiding Light*. He found that being able to incorporate stunt talents into his acting has landed him more roles.

Glenn graduated from the Parson's School of Design as an illustrator, and is the artist on the *Action Master* comic book. He also writes and dances.

His interest in stage combat and the martial arts seems to follow his advice for self-defense. He smiled, shrugged, and simply said, "I see something, I like it, I do it."

T. J. Glenn's workshop turned out to be extremely fun and informative, and hopefully MSC will have the privilege of presenting another one in the near future.

Little feats

This "featured" information might give you a step in the right direction.

Be in Paris when it sizzles

Attencion! This summer, why not do something a little different, like see the Eiffel Tower and storm the Bastille?

You can tour the Louvre Museum, climb Notre Dame Cathedral, and taste the finest French cuisine at the Marche Rungis, the Poulin Chocolate Factory, and the world famous cooking school Le Cordon Bleu, all while earning academic or continuing education credits.

MSC's home economics department is planning a study tour to be conducted from May 31 to June 11. The cost of \$1,538 includes round trip airfare, accommodations in a centrally located three star hotel with private bath and double occupancy, daily continental breakfast, special guides and admissions fees, and all city and value added taxes. Several activities are planned so students can enjoy some of Paris's most famous sights, while getting an education, too.

For more information, contact Dr. Carol Byrd-Bredbenneer at 893-7489 (Monday, Wednesday, and Thursday, 12 p.m. to 1 p.m.) or 764-6640 (evenings).

SPERM BANKING DONOR PROGRAM

Biogenetics Corporation, a national center for sperm banking, is looking for healthy individuals, aged 18-40, to join its anonymous donor program.

Qualified donors can earn \$450 plus per month. Initial screening and subsequent periodic testing are performed on all donors. Complete confidentiality is assured through contractual agreement.

For information, call the
Program Director at
1 (800) 942-4646

Thank you for your consideration.

Lower prices on higher education.

Announcing new lower prices on the Macintosh SE and Macintosh Plus.

If you'd like to enhance your education and your budget, take note. We just lowered prices on two powerful members of our Macintosh® family, the Macintosh SE and the Macintosh Plus.

They'll put a world of possibilities at your fingertips. Like graphing the economic impact of Japanese expansionism. Analyzing Freud. Or just organizing that stack of notes. Better yet, once you've mastered one application you can use them all, because

all Macintosh software works the same way. And since every Macintosh runs the same software and is expandable, it can grow with you as your needs change.

Considering all this, you should have no doubts about which course to take. Give a Macintosh a try, and save.

The power to be your best.™

The Montclarion is published weekly, except during examination, summer and winter sessions. It is funded, in part, by funds received from the Student Government Association, Inc. of Montclair State College. Advertising rates are available upon request, in Room 113 of the Student Center Annex, or by calling the business department at (201) 893-5169. The views expressed in the editorial pages or any advertisement, with the exception of the main editorial or Montclarion advertisements, do not necessarily reflect the opinion of The Montclarion. All issues are copyrighted, and any unauthorized use or reproduction is prohibited.

To legalize or not to legalize

Anyone who advocates the legalization of drugs is sure to be met with a few raised eyebrows. This idea seems ludicrous, increasing the availability of drugs will not combat the problem. The war on drugs is not being won by any measures, perhaps legalization is the answer. Right here on campus every dorm has a supplier where drug users can get their goods. Every street corner and neighborhood has a place where people can get drugs. An increase in usage will occur regardless of drug prohibition or legalization.

The United States invaded Panama and vows to bring Noriega to justice, a milestone in the war on drugs, according to George Bush. Drugs were brought into this country before Noriega and will continue to do so. Deaths incurred while combatting the war persist on a near daily basis. Last Monday one New York City Police officer was killed and two were injured in an undercover operation, how has this helped eliminate drugs?

George Bush plans to spend over \$1.2 billion this year to fight the war on drugs, in addition to the millions of dollars already spent without any reduction in the flux of drugs through America. Rudolph Giuliani has conducted some of the largest (and most expensive) undercover drug investigations in U.S. history, granted there have been convictions, but someone else always takes their place motivated by the profitability of being a drug trafficker.

Any economics textbook explains the laws of supply and demand. Legalization would increase the supply of drugs and eliminate the profit which lures so many. It is impossible to eliminate drugs from America, as long as people want drugs there will be people willing to supply them. By eliminating the profit motive, deaths incurred by gang violence while fighting for turf will be eliminated. Bush has already said he will not restrict the importation of automatic weapons which every drug dealer has.

If drugs are legalized a government appointed agent would sell the drugs, rather than a criminal. This agent would be carefully screened and would have to obtain a license to be a retailer. The government would regulate the price of drugs and eliminate the profit that lures people to dealing drugs. Additionally, the government could tax the drugs sold to raise revenues for researching the causes of addiction.

Legalization may not be the best answer but the current war on drugs is wasting human lives and taxpayer's money. Legalization is not a lesson in morality, it is a lesson in necessity.

Student Voice

Facts and ideas were misrepresented

By John Tibbetts
Contributing Columnist

Germany as a nation "wreaked havoc" in Europe three times in 70 years, 1870-1940. Even though Germany played an important part in history during this time, one could hardly say the nation "wreaked havoc" again and again. We all know about World War II, but World War I and the Bismarck Reich hardly show Germany to be a consistently "fanatical" country. Patriotic, maybe — but no more patriotic than America.

Granted, mistakes were made — take the sinking of the Lusitania, for instance. The American government knew the ship would be sunk beforehand, but still did not warn the crew. The media then used this incident to evoke mass-hatred of Germany. Any history professor will tell you that Germany has been treated unfairly during World War I: The unbelievably horrible result, World War II, must be looked at as human error and not as much a German error.

There is furthermore no rampant hatred of communism running through Germany these days — Americans are much more conservative and communism-fearing than the average German. Young Germans in particular are oriented much more towards the left, towards socialism. The ones who are voicing their national opinions are in the minority; Germans as a whole don't agree with these newly-found patriots.

The West German chancellor Helmut Kohl has not refused to accept the new boundaries of Poland — he simply said that

this is an issue which should be addressed when Germany is unified again.

What topped all the misrepresentations of facts and ideas in that article was the mentioning that the extreme right-wing conservative party in both the East and West are expected to make substantial gains in upcoming elections. Even if this were true these parties have practically no chance to meet the required five percent of the votes to be allowed into the parliament. There are many more members of organized Nazi-parties in the U.S., in terms of percentage. I have never seen as many swastikas in the U.S. than anywhere else: take an MSC bathroom stall — the graffiti is mostly fanatical and racist.

The past of course is a threat — and particularly every German must not forget it. Diligence, precision, and hard-working standards are a noticeable part of the German men-

tality; it is easy to make connections still between Germans nowadays and the Nazis. By putting the turmoil into perspective we will only find a nation that wants to be unified again; a nation that has been torn apart and has lived with nightmares and complexes for almost half a century. Whatever it was that the previous generations did, I am convinced that the majority of Germans have at least learned about the dangerous potential of every human.

The last paragraph of the article I am tearing apart here mentions a large swastika on the Berlin wall that went unnoticed. Maybe we should worry about the unnoticed swastikas in the U.S. before we take upon ourselves the task of worrying about another country's problems — especially when one has no clue about that mentality, let alone the facts.

Editors Note: The "article" in question was a Student Voice column, which is an opinion column run weekly in The Montclarion. The opinions expressed in any pieces on the editorial pages, except for the main editorial, are neither "articles" nor do they necessarily represent the opinion of The Montclarion. It is not The Montclarion's responsibility to check the facts of any opinion pieces, and all opinions, including the one above, are printed in full regardless of content, unless they must be shortened for space or are libellous. This is a common practice in any newspaper, and is not a custom particular to The Montclarion.

Event sponsorship

To The Editor:

Students serving students. That's what SGA chartered organizations are trying to be. How does college community gauge what their Class One organizations are doing with student activity fees? By their weekly assessment of programming through the college newspaper. This would seem the simple solution.

However, there seems to be an oversight on the actual sponsorship of various programmed events on campus. This letter is in response to the numerous occasions in which the *Montclarion* has failed to inform the students as to which organizations were responsible for the events which they, the students, ultimately paid for most recently, the review of "A Dry White Season" co-sponsored by O.S.A.U. / C.L.U.B.

In our limited journalistic experience we've learned the first questions answered within any news article, (or feature article for that matter) are "who, what, when, where, why, and how?" It seems all the questions

are answered by the *Montclarion*, excluding the "How?"

"How?" answers the question, "How was this event brought to the college community?" Perhaps this question will be answered more frequently in the future.

Yearbook copyright questioned

To The Editor,

I have recently read about the copyright debate between the SGA and William E. Cogan. The 1990 edition of *La Campana* should have been copyrighted under either the yearbook title, *La Campana*, or the SGA. Let me explain at how I arrive at this conclusion.

First of all, *La Campana* has no set author, despite who has done "all the work," as yearbook photo editor John Navarro stated. Rather, it is a compilation of various persons' works, and if Mr. Cogan's name is on the copyright, then ALL the people who had something

to do with its production should also be listed under the copyright. However, since this is a student fee funded organization, and a subsidiary of the Student Government Association, this does not apply.

Instead, *La Campana* should have been copyrighted under the SGA as a "work for hire" rather than some student. While it is true that because Mr. Cogan pays SGA fees, he can have a shot at the copyright, but does that make any student, who also pays SGA fees, eligible to say something should be copyrighted under their name? Even if

they had absolutely nothing to do with its creation?

As owner of several copyrights, I am very aware of current copyright procedures, although I am not familiar with copyright law. I do not wish to point my finger at anyone, screaming that they are guilty of "illegal copyrights." The best thing to do is to change ownership of the copyright from Mr. Cogan to the SGA, Inc. This will alleviate any headaches, be painless for both parties, and the issue will be closed.

Sophomore/Journalism

Swim team recognition

To The Editor:

Yet another swim season has come to an end. What swim season? We have a swim team at MSC? One would never notice or realize we have a swim team by the lack of attention or recognition by the *Montclarion*.

At any sporting event you are likely to see a member of the swim team cheering on MSC. Win or lose we are proud of our athletes in every sport.

Although the swim team has not had its best season, we should recognize the hard working and dedicated coaches and athletes. I'm sure the students and parents who have supported the swim team share my disappointment with the *Montclarion* for their lack of attention.

By no means am I asking for the *Montclarion* to cut out articles on basketball, baseball, or football. All sports should be recognized by the *Montclarion*, including the swimming and diving team.

Granted, a lack of sports writers may be the reason for the *Montclarion's* lack of attention. I am not asking that an entire back page be dedicated to the team, just a few lines or an occasional picture reporting the swim meet and the results of all the other sports not normally recognized.

Unfortunately (for the team) many of the swimmers are graduating. For them this request is too late. Hopefully next season the swim team and coaches will receive the recognition they deserve.

Patricia C. Schatz
Senior/Consumer Affairs

Biased picture selection?

To the Editor:

In the four years that I attended MSC, I observed the photographers of the yearbook snap away at all the memories we alumni will reflect on for a lifetime. Except, year after year, the yearbook has the same pictures selected. Unmistakably, not the same people but the same snapshots of friends of the friends of those on the committee.

In the 1989 edition of "No Time Like the Present", I see nothing has changed. The elegant creation of the yearbook is full of very familiar faces over and over again. Yet, many faces were missing from our memories. Pictures of some class II and III organizations, pictures of significant events and faces of very special people, had no room in our memories of 1989.

In a decade of governmental corruption, nepotism, favoritism, and a revival of racism, *La Campana* should change its policy of how it selects its pictures for the yearbook of the future. In a new era of decentralization, *La Campana* should give a fair reflection of our memories through pictures, by using a non-biased method of selection.

I am an alumnus of MSC, Weekend College Student Organization. I would have appreciated at least one picture of our 300 plus membership in the yearbook. After all, we did pose for plenty of snapshots. Furthermore, I'm sure other small organizations would have loved to receive the same consideration of the selection for the yearbook.

Hector F. Marciano
Class of 1989

Do you have something that you want to say?

Say it in
The Montclarion

The Letters Policy

The *Montclarion* offers the unique opportunity for all MSC students to have a voice on campus. We encourage all students to express their viewpoints in the Letters page.

All letters must be:

- *typewritten and double spaced
- *addressed to the editor
- *submitted by 4 PM on the Monday before the Thursday issue
- *include student ID number, year, major, and telephone number for confirmation.

Letters must be signed, but names will be withheld upon request.

These guidelines must be met or the letter will not be printed.

The *Montclarion* reserves the right to edit all letters for length, style and brevity.

Mary Jane Says...

International awareness

A taste of Spanish Delicacy, French Theatre, Arabian Music, foreign artifacts—these events and others are part of this week's International Week, designated to promote "International Awareness" of different countries and cultures.

Currently, at MSC there are students representing about 50 different nations. The students at MSC are fortunate to have the opportunity to interact and form lasting friendships with students of very diversified ethnic backgrounds. The International Student Organization, a Class II of SGA is an organization which reaches out to international American students, with the goal of educating our campus on the many peoples and cultures of our world.

Other cultural groups involved in this week are the Arab Club and the French Club. Jointly these organizations have coordinated International Week to help further the knowledge of MSC students - on different countries, cultural customs, food, and costume - and while doing all of this, show how we are all actually very similar.

As students in college, it should really be our responsibility to be informed of cultures outside our own. Global awareness, with an understanding of different people is a key element if we expect improved relations between cultures and nations. As future leaders, we should all consider this.

The Organization of Students for African Unity just completed an entire month of African American Heritage Awareness, which was deemed outstanding on a national level. The Latin American Student Organization does similar events in November for Latin Month.

These organizations' basic functions are to increase awareness and integrate students into the African American and Latin cultures. I urge all students to check into these different groups and events. If everyone were to become slightly more educated on one culture, it could be a first step to the journey of bridging the gaps between boundaries of various individuals.

Mary Jane Linnehan
SGA President

ATTENTION SMOKERS!

Give Yourself a Fresh Start This Spring

Register for the Fresh Start smoking cessation program given by the American Cancer Society.

Facilitator: Rich Dowling

All are welcome - Students, Faculty, Staff

Schedule: Four consecutive Wednesdays, beginning March 14, 1990.

The four week program will be followed by an ongoing support group.

Time: 12:30 PM to 1:30 PM.

Location: Student Center, Room 417.

Fee: \$ 25 per person. (The first 40 people to complete the program will have the fee refunded.)

If you would like to attend, please fill out the tear-off sheet and mail to: Faith Daly, Office of Institutional Research, c/o Smoking Cessation Committee.

The *Hunt* is over Next Week...

By George Olschewski
Staff Writer

Forget the reviewers who keep preaching how we're into glasnost, that the Soviets aren't the bad guys. Forget that the movie is set in 1984 when Chernenko ran the Big Red Machine.

Just strap yourselves in, munch your popcorn and Sno-Caps, and enjoy the best submarine movie to come along since "Das Boot."

While the TV ads and movie previews may intrigue you, they in no way prepare you for the motion picture "The Hunt for Red October." The commanding presence radiating from Soviet captain Marco Ramius, played magnificently by Sean Connery, makes one wonder if it is just another role for the former 007, or can he really command a boat?

After seeing "Hunt," a lot of people will be asking the same question. (For clarity, subs are called boats by the U.S. Navy, the big suckers floating on the water are ships.)

Marco Ramius is captain of the new Soviet Typhoon-class submarine Red October, named after the Russian revolution. This boat is bigger than the current Typhoon class, holds roughly 15 ICBMs, and has a

unique propulsion system which lets her slip almost silently as a ghost through sonar nets.

Ramius knows that Red October is primarily a first-strike weapon. She could sneak up the U.S. coastline, nuke New York or Washington D.C., and vanish, and no one would be the wiser.

The psychology of Captain Ramius and his highly unconventional tactics would entice even the most anti-military viewer.

So, what does he do? On the anniversary of his wife's death, he and his senior officers decide to bolt to the States and defect. However, Moscow doesn't like the idea of its new toy up and running to the West, so they attack with virtually the entire Soviet navy to sink her.

The Russians try to enlist Uncle Sam's help by telling top brass that Ramius plans to nuke Washington until it glows. That makes two navies out to nail her.

But Ramius and Red October's savior is found in Ryan, a CIA analyst, who deduces that Ramius and his crew may try to defect, and goes to any length to give the legendary Soviet captain a shot. Ryan, portrayed by Alec Baldwin, even tries to persuade the President's chiefs of staff that Ramius is a good guy.

And that's not all. There's the ever-predictable saboteur on board. It's not the butler.

Red October is not aimed at only those interested in naval strategy. The psychology of Captain Ramius and his highly unconventional tactics would entice even the most anti-military viewer.

The final battle between Red October, the American sub S.S.N. Dallas, and another Soviet sub has excitement, an unlikely team-up, and some damn-near insane strategies that will have the audience holding their breath.

I've seen sub battles before, in movies and television, and I've even commanded a Los Angeles class submarine (seen in "Hunt" as the S.S.N. Dallas) in simulations, and I must say, I am impressed. Giving this movie less than a four-star rating is inconceivable. It may not replace classic war movie battles like "Das Boot"...but it sure as hell comes close.

Sunrise at MSC

By Chris Rohloff
Staff Writer

How did the rhino get his skin? What happened to the elephant's child on the banks of the great, grey-green greasy Limpopo River and how did the camel get his hump?

The Sunrise Players tackle these questions and many more of their kind in an imaginative adaptation of "The Just So Stories" by Rudyard Kipling.

The Sunrise Players are a student acting troupe from the Department of Speech and Theatre. Touring Bergen, Essex and Passaic Counties, this troupe's primary objective is to bring educational, yet entertaining, theatre to grade school children in kindergarten through the sixth grade.

According to Nicole Demarest, director of the Sunrise Players, "Bringing both educational and exciting theatre to children otherwise not exposed to this medium is our greatest reward."

Perhaps it is this sense of satisfaction that inspires the dedication and hard work of Ms. Demarest, her technical advisor and the cast of seven

who must commit to six weeks of intense rehearsal and two months of touring.

In addition to rehearsal time, Demarest conducts classes about children's theatre for her cast, thus creating an entertaining and educational forum for them as well.

The success of this program can be seen in the smiles on the children's faces...

Nicole Demarest, a twenty year veteran to children's theatre, brought the concept of children's theatre to MSC last spring.

Presently, she is directing her second Sunrise Players Production, "Just So" by Jan Silverman. This adaptation of "The Just So Stories" by Rudyard Kipling, according to Demarest, is a vehicle that stimulates children to ask questions about science, animals and geography.

Following the performance, the actors conduct a ten minute

question and answer period with the children.

Furthermore, a study guide is sent to the schools three weeks prior to the performance. This study guide contains a folder of material about the show including Kipling's biography, a paragraph about each animal in the show written by the individual actor/actress portraying that animal, and finally, a word search defining those words used in the show that may be unfamiliar to the children.

The success of this program can be seen in the smiles on the children's faces, and by the Department of Speech and Theatre who have urged Demarest to expand her performances into the Fall semester as well as the Spring semester.

For those students interested in becoming a member of the troupe for Fall 1990, look for auditions to be held in early May, and for those interested in seeing "The Just So Stories," they will be performed in Memorial Auditorium on Friday, Mar. 16, at 10 a.m. and 12:30 p.m., and in Room A-125 of Life Hall, on Apr. 21 and 28, at 10 a.m. and 1 p.m. Tickets are \$2 and reservations can be made by calling 893-5112.

Couch Potato Update

George Olschewski

This week's video update begins with a movie about a crackpot inventor who zaps his kids to about a quarter of an inch tall and chucks them out like last week's **Montclarion**. "Honey, I Shrunk The Kids!"-Rated PG. These kids are up against everything--hurricane sprinklers, kamikaze bees, runaway lawnmowers, and other backyard near-death experiences. The cartoon short "Tummy Trouble" featuring Roger Rabbit, Jessica, and Baby Herman is also included in this video. All this for only \$22.95 (before the \$3 rebate).

"Millenium"-Rated PG-13

Kris Kristofferson leads a government air disaster investigation that uncovers the "black box" of a downed 747, and stumbles upon the future of mankind. Cheryl Ladd stars as a sexy space-alien.

TV NEWS

Oprah fans! ABC is going to rebroadcast "The Women of Brewster Place" starring Oprah Winfrey and a star-laden cast on March 11 and 12. When it was first aired a year ago, it drew an audience of 40 million viewers.

"China Beach" and "Anything But Love" will be put on hiatus on ABC. This usually is linked with cancellation, but given "Beach's" success, this may not be the case. Replacements are "Equal Justice," an L.A.-Law-clone, and "The Marshall Chronicles," a comedy about teenage life.

"The Bradys" took another slip in the ratings, coming in at number 69 out of 80 shows in the latest ratings. CBS is realizing that maybe yearly telefilms may have done better.

HOLLYWOOD BUZZ

Paul Kramer, the real "Beverly Hills Cop" who was slapped by Zsa Zsa Gabor in a much publicized case, has filed a \$10 million suit against the actress. Kramer is suing the Sultan of Slug for emotional distress and slander. Gabor, nailed on quite a few charges, used the media to announce that Kramer is probably a "homosexual on drugs."

NOLAN'S NOTES

Jarrett Nolan

First and foremost, I must apologize for a major typo in last week's column. The **Public Enemy** goof who ruined **Young M.C.**'s moment in the spotlight was not **Professor Griff** as I had reported. It was **Flava-Flav**. My apologies to all Public Enemy fans as well as Professor Griff...**Bruce Hornsby** is finishing his third album. *A Night on the Town*, the tentative title, is due in the spring...**Van Halen** is recording a new album. **David Lee Roth** is in. **Sammy Hagar** is out. More as it develops...Motown is preparing for its 30th anniversary television special. It's set to be shown on NBC this fall and would be similar to the Motown 25 special.

MINI-NOTES: **Jody Watley** is taping a low-impact aerobics video. Whatever...**Cyndi Lauper** is in Florida filming *Paradise Paved*, her follow-up to the box-office blockbuster *Vibes*...**Sinead O'Connor** will release her second album, *I Don't Want What I Can't Have*, in late March. The first single is "Nothing Compares 2 U," which originally appeared on a **Prince** album...#1s: Pop and Soul: "Escapade"/**Janet Jackson**. It's her third pop #1 and her eighth soul. Album: *Forever Your Girl*/**Paula Abdul**.

MINI-NOTES II: In April, the Fox network will broadcast a show from the **Rolling Stones**' *Steel Wheels* tour. Although nearly identical material was already seen on pay-per-view, this time some of the show will be seen in 3-D. How much more money do they need?! I think Mick and the boys have definitely overstayed their welcome! I have gotten my satisfaction! Now go home! The answer to last week's question: **Neneh Cherry**'s father is jazz trumpeteer, **Don Cherry**. This week's question: What Prince album did "Nothing Compares 2 U" appear on?...Think about it...Until next week...

DO YOU KNOW WHAT HAPPENS WHEN YOU DON'T ADVERTISE...

nothing

Don't delay! Call 893-5216 the next time you or someone you know needs to advertise a product, service or event. The Montclarion reaches a diverse community of faculty, employees and students.

 -J.D. from TKE- I'm keeping my eye on you.
 -To Matt in 1021- You have an admirer. Write back for more information. from "Joe's sister"
 -To Zorro of ABT- You are very talented maybe next time you can fill in your last name. - Love your little Sigma pledge
 -To pledge Karen in Iota:Good Luck on hell night! Don't forget that I will be watching over you! Love, your perspective big

-Chri- Make this your last game ladies- "yeah thats the idea". Shar
 -Who is it? It's Super pac-woman
 -Piggy says hi to her her two bimbo friends. Squeaky & Bum
 -TKE- We are waiting for our Keg. We need it by Friday. Also, Coors lite. Delta
 -Dear Crow, Sorry about the beating, but we will see you friday, thanks for being such good sports. Delta ps. coors lite
 -To our buddies 'G' and Tom- You guys are so disgusting only kidding. but true. Thanks for the help with my history paper hon. We love ya. Elizabeth & Ang
 -Dummy- to survival! Love, Dork
 -Claire- Did you get laid this weekend? Lv-Chrissy
 -Michelle in Theta- U got the look.
 -To Matt in D-Chi: I love that head. Your special someone
 -To Eric Dechi- Thanks for the present. -Ron
 -Tony T & Scott P- 5 in a CRX couldn't have been more comfortable! Thank you. Janet and Dawn
 -To the brothers of ZBT- Even though this didn't get written last week. The conclave was great! You did a fantastic job. Thanks for including us. Love, Phi Sigma Sigma
 -Marc W.- Here's your personal. HAPPY 21st BIRTHDAY! Have a great day. Love, Michelle
 -Alex- Want some more meat???
 -Rich(2cwing) Thanks for the carnations. You really made my day. Luv always, Sexy.
 -Hey Zebes, We don't need a playbook, Do we?! Pags
 -Dan(ZBT) -Men suck. Love, the diner crew!
 -Maria- Don't ever forget the things I said, because I meant them. Good luck in pledging. Elvin
 -Tony- What's up? I haven't spoke to you in a while. Love, Your communications buddy, Chrissy
 -Donna L.- I'm never going to the diner with you again. Love ya #35
 -To my perspective little Amy- Good luck on Fri. You know I'm there for you then and always. Love you, Claire
 -E-Beth, Florida or bust! Luv, Mara
 -JoAnn- Thanks for putting up with a pledge. Remember I love you - your roommate.
 -Traceybreath-"lets do the dance of Joy-Spontaneously"- or will "Bill the tapeworm" get in the way. Love, Doodlebreath
 -Carol-It's almost over - Yeah!! It was fun though! You're the best! Love ya Doodle
 -To my pledges- Good luck Friday- You guys are great. Thanks for the card, it meant a lot! Love, P.M. McDade
 -Kim R. & Christine M.- Next time lets "walk" down the stairs, its easier and less painful. Love, Eileen
 -To the TREE- Paul & Tommy gotta love you guys. PZ 77 Thanks for everything you have ever done.
 -Listen up- No Lifes! Rob (Montclair Posse) doesn't go with Courtney- so stop spreading rumors.
 -To my little Kat- Remember that all men are slime and you deserve the best. You'll find a dude soon to kiss butt. -But until then I'm here to lean on. I love you- Your big Stacy!
 -Home-Ec Girls, I just love quality time on Thursdays Love, Laura
 -Hey Val-"Quick grab the bag...good thinkin!" -Capristo
 -David stoned Goliath 204B stoned Jonny C!!! You girls are crazy...
 -Thank you St. Jude for favors granted. G.

-Jessica, was that a hexagon? You are still my favorite sister squared. Wanna go to the loop? Love, Meaghan
 -Emilie, Happy 21st B-day. How bout another trip to Newark? Laura
 -To Sherri- Hoboken OOOh I'm dyyying ...Love Gluch
 -Rich in Delta Chi- Thanks for everything- You're great! Love ya Christine
 -Alex, Muzz, Gluck, Sherri, & Karen: "Hey Hey, we're the Mon-kee's... We're just tryin' to be friendly..." "Hoboken, OH I'm Dyin!" Love, Kim & Mary
 -Take 2: I will not tolerate insubordination from a gaseous waitress who gets felt up & a friend who cries over spilled milk.
 -R.V., Has reality set in, are we slowly becoming sane again. I miss you. E.M.
 -Senate' The party was great! No More Smiling Rules! AIX
 -Wendy, Our rooms are 2 doors apart Now we can hangout more. It's been a while... #97 Your little AIX
 -Kelly- What can I say? Here's you personal. You're just too awesome for words. Love your sis, Chris
 -Kreen- Will you tolerate any insubordination? I'd rather tolerate that than the BAD thing stivic detected! -Shell
 -Muzz- You can be our captain stubing anytime! Just try a little more puctual with the corkscrew! OK ? -S,K,M,&A& Gluck
 -To my little sister Elaine pledging AIX, I wish I could tell-u who I am but I can't. I am behind you 100% Good luck! Love, your Big sister
 -To the men of Delta Chi- I love you. "Di-Chi-Ette"
 -Chrissy- Don't sweat it. You know I'm here always. I mean aren't we attached or something? lv, Shar.
 -Chrissy- Do you think Mark will be Michael Angelo for me to? Sharyn
 -Monte- If we do lunch is dessert included or does it cost extra? Love-Meaghan
 -Jen Z. in AIX Your really hot! from someone in your class.
 -Shar- Thanx for everything. I love u. Lv Chri
 -Meet the man with a passion, with a love, ... with a power Beyond human control sponsored by Intersarsity Christian fellowship (not a sports team) next Wednesday nite and Thursday
 -David- The food up here in heaven is really good and I can fart as much as I like. Love Barnegat.
 -Monte & Bill- When we playing Pictionary again??? Love, Kim & Sandi
 -Sandi- "Oh what a night. You know you didn't even know their names." I love you. Love, Meaghan.
 -J.R.- How is my hero? Glad to see you out the other night. Love, Blah, Blah
 -Good Luck to the Delta Class, Mimi, Janine, Jo-El, Michelle, Christine, Gabbi, Stacey, Kim, Cathy, Nancy & Dana. Love the sisters of Delta Phi Epsilon.
 -Mimi- hang in there it will all be worth it. Love your big sis.
 -Irene Vitale- Hey Man! When are we all going to go out together? My feet want to dance. Love, Laura
 -To the hot blonde guy on the Quarterly Staff. I want your big tree. Love, LMK
 -PZ2 My heart is NOT broken only SLIGHTLY wounded!
 -TKE- Thanks for the mixer. We had a great time. Love the IOTAS

Red Hawk wrestling proves successful

By Anthony Di Pasquale
Staff Writer

MSC athletes continue to prove they are a prominent factor among division 3 athletics, as three wrestlers were named All-American after the Nationals this weekend.

All-American Scott Vega advanced to the final match of the 190-lb. weight class and despite an injured ankle, became the second best division 3 wrestler in the country.

Armondo Nardone also finished well in the 126-lb. weight class, and Ken Hoff was named a double All-American in both the 150-lb. weight class as well as an Academic All-American honor.

MSC salutes the courage and determination of all its All-American athletes, and looks forward to the continued success of our athletic program during the spring semester.

Scott Vega in a familiar position, pinning teammate in preparation for the nationals. Vega became the second best division 3 wrestler in the nation.

The Bottom Line

by Matt Wintner

Scholarships give student-athletes an opportunity to pursue an avenue that may not have been available to them had they not had a special gift. Unfortunately, not every athlete comes from financially stable families as the NCAA would like everyone to believe.

Although a scholarship does pay for tuition plus room and board, athletes who come from poorer economic backgrounds have little money to survive in college. Being that the NCAA does not allow a scholarship-athlete to work during the season, it makes it tougher to make money while making money illegally through ticket scalping, signing with agents, or point shaving, all the more appealing.

Point shaving is the big no-no that makes the NCAA shudder as it becomes a case for the FBI to handle. This may be the case with former N.C. State player Charles Shackelford. Shackelford, now playing with the New Jersey Nets, was allegedly involved, with up to four other teammates, in shaving points in two games during the 1987-88 college season. At a press conference Saturday, Shackelford denied any involvement with point shaving, but did admit to taking money from an agent. Shackelford said he made a mistake taking the money but said he was poor and it was the only way out.

Whether or not Shackelford shaved points remains to be proven. What this scandal plus the other two point shaving scandals have proven (Boston College 1979, Tulane 1986), is that college athletes in need of money can be easily lured to severely breaking NCAA rules when an income is of the essence.

Pay athletes to play. It sounds crazy, but if it is structured properly it can work and possibly deter athletes from committing NCAA rules infraction. The payments of players would not mean outright bidding of top recruits. It cannot work if the blue chip recruit goes to the school with the highest offer. That would kill many smaller Division I programs while turning 18 year olds into professional athletes.

Should college athletes be paid to play Division I football and basketball? Absolutely.

Even though Division I athletes get a full scholarship to play, it is not enough in the

world of college sports, which is measured more in dollars and cents, than wins and losses.

The NCAA needs to structure an allowance policy in which every Division I basketball and football player coming from a financially unsound background can apply for athletic financial aid. The athlete can fill out a form which would disclose information about the number of dependents in the family and annual family income. The form must then be signed by the athlete, his parents, and his school's athletic director. By getting those forementioned to sign the form, the chances of doctoring or tampering with the form would be cut down significantly. Then the NCAA can make a determination as to how much of an allowance the athlete can get. The maximum allowance should be about \$100 a week. Considering that college sports has turned into a multi-million dollar business, an allowance program would be mere pocket change for the NCAA and the schools it governs. Of the \$100, 2/3 should be paid by the NCAA while the remainder would be paid by the student's institution. This policy of a 2/3-1/3 split would allow the lower Division programs to survive, while giving poorer athletes money in a fashion that would deter any NCAA rule violations.

If you are wondering where the NCAA would get the money to pay over 1,000 athletes, just look at the numbers CBS sports is paying for the NCAA tournament and how much money is generated through televised college football and other money generated through merchandising. If the revenues are invested properly, athletes could be paid and the NCAA would still have money for themselves.

If in the event an athlete on student athlete financial aid gets caught in NCAA rules infractions of any kind, his allowance check should be pulled pending an investigation. If the accusations against a player for rules violation are proven a second time, his scholarship should be pulled, and if the infractions are of a criminal nature (point shaving, etc.) any legal action that need be taken should be taken plus he should be bounced out of school.

Devils' Weekly

By Mike Walmsley
Managing Editor

The New Jersey Devils have three weeks and 13 games remaining in their regular season.

After 67 games (28-31-8), not only are the Devils playoff hopes unassured, but no team in the Patrick Division, except the New York Rangers, can say with confidence that they are preparing for the first round of the Stanley Cup Playoffs.

The Devils are now looking at must win games and winning streaks. It would be nice if they could win all of their games, but I'm going to try to be realistic and break the last part of the season down into must wins, splits, or ties. There are no must losses.

This week's games began at home on Tuesday night with a 2-1 victory over the St. Louis Blues and end on Saturday night against the Quebec Nordiques.

The star of the this victory was goaltender Chris Terreri who stopped 16 of 17 shots on goal.

"This was the best defensive game played by our team in front of me all year," said the confident Terreri after he was awarded first star for his efforts against the Blues.

This game was a must win for the New Jersey Devils and they got it.

I said, before the St. Louis game, to a fellow reporter that the Devils have to win their next three games at home; St. Louis on Tuesday night, followed by the Islanders Thursday, and on Saturday, against the Quebec Nordiques.

These home games are a must if the Devils have any intention of making the playoffs and building some momentum for the grueling second season.

Next week the Devils go on the road and play in Minnesota, Calgary and Edmonton.

They have to beat the slumping North Stars and hope for a split on the West Coast against powerhouses, Calgary and Edmonton.

for three important games which are a must.

Two division rivals visit the swamp lands starting that Tuesday night when the Capitals are in town. Followed by the much improved and well-coached N.Y. Rangers (this may be a preview of playoff games to come. Let's hope so).

The Detroit Red Wings close out the regular season home schedule on Saturday.

The Devils return home on Tuesday night March 20th to play the division rival Flyers. If you don't have your tickets for this one, go and get them soon! This is a must win, as all remaining home games are for the Devils.

The remainder of the week New Jersey plays three games on the road; Chicago, Philadelphia, and Buffalo on Sunday afternoon.

If the Devils come out of this trip with three of the possible six points, they should be satisfied.

On Tuesday, March 27, the New Jersey Devils return home

The Devils must beat or tie both the Caps and Rangers that week. Meanwhile, the Red Wings must be defeated so the Devils can (hopefully) build some momentum for the playoffs.

The last and final game of the season comes to you from the Garden in Boston, Mass, where the Devils take on the Bruins Sunday, April 1.

I predict that this game will be a gimme, allowing coach John Cuniff to rest his players for a first round playoff game against the Pittsburgh Penguins at the Meadowlands Arena. See you at the Arena.

Indoor track shows promise

By Richard T. Green
Correspondent

The MSC men's and women's indoor track season comes to an end this weekend with five people qualifying for the Nationals at Smith College in North Hampton, Massachusetts this Friday.

The five people who qualified for the Nationals are Abdul Williams-400 meters, Regina Ladson-55 meters and the long

jump, Jill Robertson-800 meters, Aisha Agee-55 meters, and Anthony Williams-55 meters.

Although 5 people qualified for the Nationals only 3 people will be competing.

Aisha Agee suffered a knee injury prior to the championships and will not be participating this weekend. Another runner who will not be participating at the Nationals, is Anthony Williams, who suffered a head injury in a car

accident.

From each event only the top 11 people in the country are selected to compete at the Nationals, so it's truly an honor to even qualify.

The Nationals are Friday, but the team will be leaving Thursday so they can be fully rested and prepared for the races on Friday. I think I speak for everyone at MSC when I say that we wish them luck and success this coming weekend.

Women's hoop season ends in 70-49 loss But finish successful year at 23-6

By Michael Frasco
Sports Editor

The women's basketball team traveled to compete in the Atlantic Region Tournament last Friday in Tiffin, Ohio. MSC defeated Kean College 57-49 in the semi-final round however, lost to tough Heidelberg, Ohio, 70-49 in the final.

Against Kean, a familiar foe for MSC, the Red Hawks were out to stop Kean's potent offensive attack by using the nation's No. 1 defense.

This was just the case, as MSC was led by its two senior co-captains, Jackie Martinez and Carolyn Savio. With MSC ahead by 11 points in the second half, Kean went on a 14-4 run to cut the lead to 50-49. The defense then went to work and MSC hit 7 of 8 foul shots in the final minutes, including four straight by Martinez, to capture a 57-49 win.

Carolyn Savio's 20 points and 18 rebounds, combined with Martinez' clutch foul shooting in the final minutes, ensured MSC to gain a place in the finals. Head coach Jill Jeffrey said of her co-captains, "They played the games of their ca-

reers, propelling us into the championship game." Coach Jeffrey also said the victory was a true team effort.

With one win under its wings, the Red Hawks went to the Atlantic Region final, but wound up a 70-49 loser to No. 1 seeded Heidelberg, Ohio on Saturday.

Heidelberg led 23-20 at the half, and MSC stayed close early in the 2nd half until Heidelberg erupted for 12 straight points to put the game out of reach for MSC. Heidelberg shot an unbelievable 73% from the floor in the 2nd half, hitting 22-30 shots. As good a defense that MSC has, this will tell you Heidelberg was for real. A 23-6 record and a seventh national ranking holds proof to that.

So MSC finally met its match, but Coach Jeffrey said, "Losing in the finals of the Atlantic Region is nothing to be ashamed of. Heidelberg is a quality team. Reaching the finals and being one of the final 16 teams in the country is a major accomplishment."

Speaking of accomplishments, MSC had plenty of those this year, most notably a 23-6 record and being ranked 16th in the final division 3 poll. "As

a head coach, this season has been a dream season. This team has been an absolute pleasure to coach. I can't express how proud I am of this team's accomplishment."

Individually, MSC had numerous records as well. Carolyn Savio finished her career with 1,077 rebounds, breaking the old record by Pat Colasurdo in 1978. Most consecutive games with 10 or more rebounds 44 and counting. Kim Wilson had the best steals-per-game average: 3.6. Cathy Madolone had the most 3-point field goals in one season: 25.

Those are just several of the many records which fell this past season, but what can be said about this team's overall performance this year was summed up by Coach Jeffrey, "Our 23-6 record is a result of the commitment and dedication of the 10 individuals on the team. Their receptiveness to the coaching staff enabled the team to surpass everyone's expectations."

The MSC women's basketball team had a great season due to excellent coaching and comradery of the players. It enhanced a sports program everyone should be proud of at MSC.

Men's and women's ski team close out season

By Lore Swadba
Correspondent

Once again the Men's MSC ski team, for the fourth straight year, has ended its season in victory by qualifying for the 1990 Mid-Atlantic Regional Championships.

Also, of considerable mention is junior Red Hawk Harvey Bierman's acceptance of the Scholar Athletic Award for scholastic and athletic achievement. The award is given to the athlete whose excellence in athletics coincides with his achievement in the classroom.

"Being that it was my last race, for I'll be transferring next semester, I felt good because it was a culmination of my collegiate skiing career at MSC."

At the Regional Championships in Vernon, N.J. at Vernon Valley/Great Gorge Resort, Bierman and sophomore teammate Jeff Conover finished in the top 15 out of 65 racers.

Bierman finished fourth overall in the slalom race and Conover had a good showing placing 14th. Unfortunately, the MSC Ski Team wasn't as successful as its leading individual performers; finishing the championship in a tie for 12th overall.

"I am very happy with my performance considering this is only my second year racing, and in my next two years I know there's room for improvement," said Conover.

The men of MSC finished out of the New Jersey Ski Association League by placing fourth overall with Bierman and Conover leading the way. Strong performances were made by Dan Burns and Steve Count. Other team members which participated were Rob Caruso, David Vogt, Tracey Kelmen, Dave McCrink, Mike Brady, and Rick Barecca.

The women of MSC were not as fortunate in the regular season, finishing in sixth place in the same NJSA. This sixth

place finish left the women skiers unable to participate in the women's division of the Mid-Atlantic Regional Championships.

Women's team members included: graduating seniors Amy Rakowski and Danette Piperi, Maureen Harrington, Lore Swadba, Maria Colegro, Michelle Somers, and Tonya Troch.

Harrington led the women's team and finished fourth overall in the NJSA. She made it individually to the Mid-Atlantic Regional Championships as well.

Both teams look good for next year. Although the men will be losing Bierman and the women, Rakowski, other strong finishers such as Conover and Harrington will pull through.

"I hope that we are supported more in the future so skiers aren't deterred from ski racing due to lack of funding," said Harrington.
